## ONLINE ACCOUNT ACCESS

One of the most popular uses of e-farmcredit.com is Account Access. Enjoy the convenience and usability of managing your Farm Credit accounts from home or the office, any time day or night.

To get access to your accounts, go to e-farmcredit.com. In the upper right hand side of the screen, you'll see "Account Access". If you haven't already enrolled, click on Enroll to securely enroll in our Online Account Access. Once enrolled, click on the Account Access link and you'll be taken to a second browser where you will be in our secure, encrypted online banking site.

Registering only takes a few minutes and you'll have same day access to your account. With Online Account Access, you can check:

- Loan amounts
- Accrued interest
- Available credit
- Next and last payment amount and date
- Interest paid or earned to date
- Insurance and leasing information

If you want to conduct transactions online, such as making payments on your loan or moving money from one account to another, you can setup payments and transfers online. Your office can assist you, or you can contact Customer Service at **1-888-243-4378**. You'll be set up the same day.

## PRODUCTS AND SERVICES

From the comfort of your own home or office, you can find information about Farm Credit loan products and financial services. You can even go online and check interest rates and apply for a loan. Here are just a few of the resources you'll find at your fingertips:

**About Farm Credit** – the latest board information, corporate governance guidelines, history and privacy policies.

**Product Information** – from farm land, equipment, operating and country home loans to financing services like insurance, leasing and cash management.

**News** – including annual and quarterly reports, company information and events.

**Community Giving** – corporate giving programs, sponsorships, scholarships and more.

**Careers** – job and intern opportunities, benefits and positions.

## FINANCIAL TOOLS

e-farmcredit.com offers more than just loans, services and interest rates. We also give you tools to help you manage your business and help you plan your next financing need.

Tools include:

- DTN service with weather, commodities and ag news
- Calculators that help you figure payment options and insurance needs
- Electronic balance sheets
- Rate alert feature that allows you to input an interest rate and we'll let you know when that rate becomes available.

Stop by and check out the website, and if you have any questions or suggestions, please send us an email or call your local office. We'd like to hear from you!
